DESCRIPTION

Orientation signs can be custom made by any sign writing company. A range of useful signs has been designed by Alzheimer's WA and is available from Perth Graphics Centre.

The use of signs can provide an effective means to help orientate people with room finding difficulties. Most effective signage is large, bright contrasting colours that feature words and symbols.

APPLICATIONS

Suitable for people with dementia who are becoming disorientated to place.

Signage should be placed at eye height and preferably on the door it relates to.
