LOC8TOR

DESCRIPTION

Small hand held devices ideal for finding lost items. Audio and visual cues guide to the exact location of the missing item which has been attached to a small transponder tag. The devices work both in and outdoors.

Each Loc8tor Lite comes with two tags. Can locate up to 4 items on one handset if purchase two additional tags.

APPLICATIONS

This device is suitable for people with varying levels of cognitive impairment. People living with dementia have a tendency to misplace items such as keys and purse which can make leaving the house for a trip to the shops quite time consuming.

Carers on entering the house could use the device to locate the items prior to going out.

LOC8TOR Lite
