MemRabel 2 AUDIO VISUAL CALENDAR CLOCK

1.15

A)

B)

DESCRIPTION

The MemRabel 2 is a visually appealing calendar clock with a high quality, bright contrast display, showing the full time, day, time of day, date, month and year.

Easy to program up to 20 alarms, with accompanying audio visual and video cues. At alarm time the selected voice reminder with accompanying screen graphic or video is played back on the screen.

Also available as a touch-screen model.

For a similar, more budget-friendly version, the Digital Calendar Day Clock is also available (B) $179.00
