

Many choices of designs are available.

DESCRIPTION

Sensor lighting activates automatically using PIR when it detects movement.

A range of products are available from Bunning's including:

- » Battery operated sensor lights
- » Plug in and wired sensor lights
- » Automation sensor lighting kits
- » Motion activated sensor lights

APPLICATIONS

Useful to prevent falls in people when they are getting up during the evening.

Sensor lighting can also be used to provide effective lit orientation routes to bathroom etc.
