

Alzheimer's WA is a Registered Training Organisation (RTO 4755) with over 35 years of experience in educating and training the health care professionals and front line teams who work with those living with dementia.

We believe dementia is a lived human experience rather than just a biological condition. Our philosophy of care is rooted in a commitment to a person-centred approach and practice. This is reflected in all of our education and training.

Informed by research, contemporary practice and guided by those living with dementia, Alzheimer's WA has utilised its expertise as a leader in dementia care to develop a comprehensive suite of education and training courses.

Our dementia expert educators are all qualified with a minimum of (TAE40116) Certificate IV in Training and Assessment or equivalent.

**CHCSS00095 Dementia**

**Support - Service Delivery**

**Skill Set (Release 1)**

Accredited qualification in dementia care for health and aged care professionals working with people living with dementia.

RTO 4755

## CHCSS00095 Dementia Support - Service Delivery Skill Set (Release 1)

The CHCSS00095 Dementia Support - Service Delivery Skill Set (Release 1) is ideal to develop the education and knowledge of health and aged care professionals working with people living with dementia.

To obtain qualification, students need to complete four units:

- » Provide support to people living with dementia (CHCAGE005)
- » Develop strategies to address unmet needs (CHCCCS008)
- » Facilitate responsible behaviour (CHCCCS009)
- » Respond effectively to behaviours of concern (CHCCCS020)

Please note classroom attendance is compulsory.

Successful completion results in:

- » Highly developed dementia specialist knowledge
- » Ability to integrate current knowledge into real work situations
- » Greater depth of understanding of person-centred care
- » Ability to be a culture change agent in your organisation
- » Develop support networks with other dementia specialists

Successful course completion consists of:

- » Attendance at four full day workshops
- » Undertake workplace assignments
- » Complete assessments for each unit
- » Successful workplace assessment

## Suggested Prior Learning

- » Hold a qualification at Certificate III level or higher in an area involving provision of direct client care or support; or
- » Have skills equivalent to the qualification requirement validated through a recognition of prior learning process; or
- » Have substantial industry experience, on the job training and development along with supervisor assessment of capacity

Please note credit transfers may apply for those who have previously completed one or more of the units.

**Location:** Alzheimer's WA  
9 Bedbrook Place, Shenton Park
