

Young Dementia Network WA

*Providing peer support
for people living with younger onset dementia,
their care partners, and families.*

About Us

Established in 2017, the Network has been shaped by a core group of carers to facilitate:

- the sharing of information, resources, and our lived experiences
- support and help when the going gets tough
- social connection and meetups through events and other activities

Membership is free though strictly limited to people living with younger onset dementia (diagnosed under the age of 65) and their primary care partner. No agency representatives, service providers or consultants. A key support worker may be considered in the case of a single person living with younger onset dementia.

Ways to Connect

Facebook Page

This is a private group and thereby not open to public viewing. All members are free to post tips, share useful information, workshops and events and make comments as appropriate. To request to join, click on the link <https://www.facebook.com/groups/130789124306677/>

Mailing List

To join the mailing list and receive updates from time to time, please forward request to vicki.barry21@iinet.net.au

Social Activities and Events

We produce an annual calendar of social activities, usually one per month, and encourage members to participate. Occasionally we host special events in response to specific need for information or support.
