**TALKING PHOTO ALBUM**

**DESCRIPTION**

Easy-to-use speech output device holds standard 5x7 inch photos.

The **Talking Photo Album** includes a total of 20 pages, each with a capacity to record a 10 second message.

All it requires is insertion of photos or picture/text cards into the transparent sleeves and record corresponding messages.

**APPLICATIONS**

Ideal for people with dementia wanting to engage in reminiscence discussions, talking stories, communication books, step-by-step instructions, memory books and personal information.

Particularly useful for people living in residential care to encourage communication, and for staff to share with the person their special life memories.
